## PROCESS EQUIPMENT

- 10 FFS Packing Machines
- Sigma Mixer (1.2 MT)
- Duplex Vacuum Plodder (6")
- Servo Flow Wrap (200 UPM)
- Auto Billet Cutter & Bundler
- Tube Conveyor
- Gyratory Sieve
- Ribbon Blender
- Auto Stamper
- Take-off Conveyor

## WHY PARTNER WITH STIPL — 7 KEY BENEFITS OF CONTRACT MANUFACTURING

**01 Customized Formulations**

Tailor-made detergent solutions aligned with your brand positioning, pricing, and target market. Economy to premium — any grade, any fragrance, your spec.

**02 High Production Capacity**

200 MTPD powder capacity with scalable infrastructure up to 300 MTPD ensures uninterrupted supply. Never worry about stockouts or scale constraints.

**03 Consistent Quality Control**

Strict quality assurance with in-house lab testing guarantees uniform performance across every batch. ISO 9001, 14001, 45001 certified and GMP compliant.

**04 Cost Efficiency**

Optimized processes and bulk manufacturing reduce costs while maintaining high quality standards. Pass on savings to your customers and grow faster.

**05 Reliable & Fast Delivery**

Streamlined operations and strong logistics ensure timely dispatch and dependable supply chains. ERP-tracked dispatch with complete documentation.

**06 ERP Integration & Transparency**

Real-time tracking, inventory visibility, and full process transparency through advanced ERP systems. Know your batch status at every stage.

**07 Strategic Location in North India**

Prime location in Rajasthan enabling faster distribution, lower logistics costs, and strong market reach across North, Central and West India.

## OUR COMMITMENT TO PARTNERS

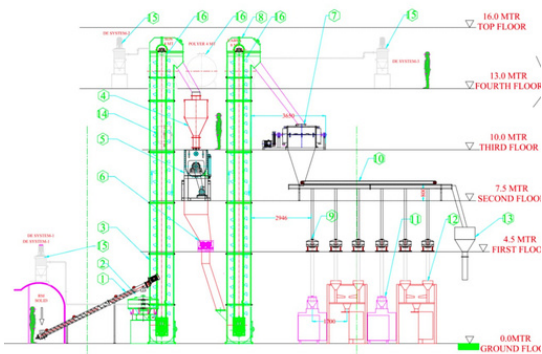

**R&D Lab**  
500+ sq. ft. in-house formulation & testing lab

**ERP**  
Full process & inventory transparency

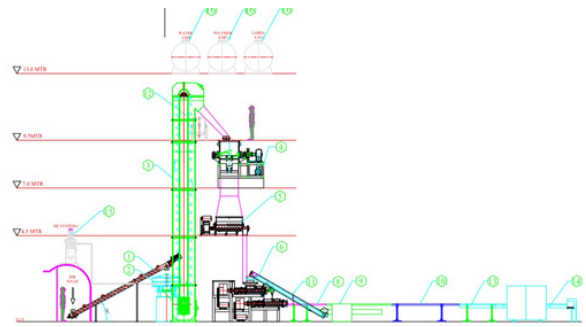

**Certifications**  
ISO 9001 · 14001 · 45001 · GMP

**Turnaround**  
Samples & plant visits on request

**Expansion**  
Up to 300 MTPD scalable capacity

## SERVICES OFFERED

### Private Label Manufacturing

Launch your own detergent brand with full custom label, fragrance and formulation. We handle production — you build the brand.

### Contract Manufacturing

Consistent, large-scale production on your behalf with ERP-tracked batch records, quality docs and on-time dispatch.

### Custom Formulation

Our R&D lab creates bespoke formulations — economy, mid-range, or premium — precisely tuned to your target market.

### Customized Packaging

FFS pouches, bars, tubs — any size, any SKU. Flexible packaging customization with label design support.

## CERTIFICATIONS & COMPLIANCE

ISO 9001

ISO 14001

Rain Water Harvesting

25 years + manufacturing experience

Pollution Control Approvals

Government Approved Industrial Area

### Facility Highlights:

- 100% Clean & Accessible Plant
- Visitor Gallery Available
- Admin Office

## Ready to Launch Your Detergent Brand?

We are open for third-party manufacturing, private label & job work. Plant visits, product samples & formulation trials available on request.
